TABLE 1
 ...
 ...

The image shows a vertical grid with approximately 20 columns and 100 rows. The columns are color-coded: the first column is green, the second is yellow, the third is light blue, the fourth is dark blue, and the fifth is red. The remaining columns are grey. The grid is filled with a dense pattern of black lines, forming a complex, repetitive structure. The overall appearance is that of a highly detailed technical drawing or a complex data visualization, possibly representing a biological or chemical structure. The grid is oriented vertically on the page.
