Directors Report

In the process of remodel, the concession stand at the park. Currently we are hosting at least 2 fast pitch girls softball tournaments and 1 adult softball tournament a month. We received \$50,000 in CARES ACT monies to help with this remodel. Part-time employees will work the concession stand.

Water retention project deadline is middle of 2022 and that project has been put on hold at the moment. The retention pond will go behind the maintenance building. Grant money will still be used for this project.

Retaining wall project for field #1 has been put on hold and the \$70,000 dedicated to the retaining wall has now been moved to building a new maintenance shop at the park. This also may accommodate General Properties for offices as well.

SCPR has been approached to add an additional 18 holes to the existing course. This will make a longer or shorter course. It will be the players option

to choose. The disc golf group is reaching out to sponsors to sponsor holes and may do a fundraiser to reach the fundraising goal.

Wagner Park is still under litigation. We still plan to have fishing derby there as well as summer camps.

Our office has updated our registration program. We went from RecTrac 10.3 to RecTrac 3.1 and the new program is cloud based. We did this upgrade through CARES ACT funds.

Keister Park is on CIP for \$200,000 for entrance road. We are working on getting an assessment to see what a road would cost. Old masterplan is still what we are going by.

Beepin Bingo is going well. Another one is coming up. We had youth basketball and adult basketball, schools has been great to work with.

Easter egg hunt is scheduled for March 28.
RecGuide Winter/Spring was an e-document only
Summer RecGuide, we are hoping to print

We received an \$1000 in the FY'22 operating budget and program budget had no changes

Also, asked that a maintenance facility and recreation center be put on CIP

KidzRec is doing great!
